

St. Mary's Primary School is committed to the safety and welfare of all children, within a secure environment. All children have a right to be treated with respect and to be protected from abuse and harm. This school supports the Child Safe Standards (Ministerial Order 870) and actively seeks to ensure that all students are kept safe from all forms of harm at all times.

PRINCIPAL'S REPORT

Dear Parents, Families and Friends,

This is our final newsletter for term 2. It will also be my final opportunity to thank everyone for your welcome and support in Kim's absence. It has been wonderful to be able to work with you all, in such a warm and welcoming environment.

Tomorrow we have the Jump Rope for Heart fundraising jumpoff, an exciting end to the children's fitness and activity. The ropes certainly have been turning a lot throughout the last few weeks and I am sure the children are looking forward to showing off their skills and fitness.

I have been informed that there are a number of COVID 19 cases in the broader Inglewood community, not specifically St Marys. It is important that children who are ill remain at home. In the case of a positive result isolate for 7 days from the date of testing, close contacts continue to test regularly and wear a mask attending school.

Our last day of term will be next week Friday 24th, and the children will be dismissed at 2.30pm. I trust everyone will have a great break and well needed rest. I am sure the community will look forward to welcoming Mrs Carter back on deck for Term 3.

Paul Wilkinson
Acting Principal

Wellbeing

At St Mary's, we are supportive of everyone's wellbeing in our school community. As part of this, the pastoral wellbeing team will be calling on families throughout the year to make a meal that can be frozen and distributed to families in our community when required.

Currently we are asking for a few families that have time to make a meal that can be frozen and left in the freezer at school. It can be a casserole, a lasagne, sausage rolls, a family pie, a quiche... anything that can be frozen.

These meals will be distributed to families that we are made aware of that are struggling to prepare an evening meal due to illness or other individual circumstances.

It would be a great help if you could prepare a meal to get us started in our "food bank" as we have already had several circumstances where individual families have been contacted to help us out. You never know, it might be you we end up delivering to one day.

For further information or support please do not hesitate to contact the school and speak to Franceen Innes on 54383075.

CHILDREN'S CHATTER MATTERS

In order to prepare for the language & learning demands of the school environment, children need ample time and opportunity to engage in meaningful interactions with their family.

Expressive Language

These resources will promote students' use of longer and more complex sentences. There are activities that focus on elements of grammar, how sentences work and how to make them more interesting for both spoken and written language.

Activities:

2. The Five Ws

The five Ws are 'Who? What? When? Where? Why?' and are ideal for helping children to remember how a sentence can be stretched. For example:

'Who?' My little dog.

'Is doing what?' My little dog eats biscuits.

'When?' At lunchtime, my little dog eats biscuits.

'Where?' At lunchtime, my little dog eats biscuits in the kitchen.

'Why?' At lunchtime, my little dog eats biscuits in the kitchen, because they're yummy!

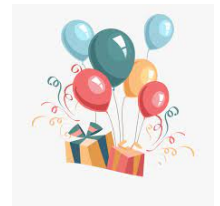

When your child gives you a sentence, identify any information that could be added and ask them the corresponding W question.
